🌐 harry-mulembwe

Junior Digital Marketing Officer, graduate in Marketing and specialized in Business Data Analysis. Experience in digital performance tracking, KPI reporting, audience segmentation, content creation, and communication. Proficient in GA4/GTM, Power BI, and Excel, complemented by SQL and Python to analyze campaign data and transform insights into concrete marketing recommendations.

PROFESSIONAL EXPERIENCE

Digital Marketing & Data Assistant | ODRES GROUP, Charleroi

Nov. 2025 - June 2026

- Analysis of digital acquisition and marketing performance, tracking KPIs to identify trends and opportunities.
- Production of recurring reports and translation of results into actionable marketing and business recommendations.
- Connecting performance data with customer insights, market observations, and positioning to support decision-making.

Marketing Data Analyst Intern | Cryptobel, Brussels

Jan. 2025 - June 2025

- Cleaned and structured over 1,000 data rows from multiple sources using SQL and Python.
- Created 5 Power BI dashboards to analyze and track marketing and customer KPIs.
- Segmented approximately 8,000 customer profiles to improve audience understanding and support targeting decisions.

Communication Intern | LJE, Brussels

Feb. 2023 - May 2023

- Content writing: articles, press releases, and social media posts.
- Content scheduling and user engagement across social media channels.
- Assisted in event organization and the creation of communication materials with colleagues and external partners.

Marketing Projects – Manga Publishing | Mangetsu & Éditions Komogi (EPHEC)

Academic Projects

- Bachelor thesis dedicated to Éditions Komogi: survey of manga readers aged 18 to 35 in French-speaking Belgium, with a quantitative study conducted among 135 respondents.
- Formulated marketing recommendations to increase visibility, sales, and loyalty: social media, bookstore activations, merch, collectors, and community building.
- Group project for Mangetsu: recommendations to support series volume-by-volume via TikTok, Discord, Instagram, video content, manga boxes, QR codes, and digital journeys.

Additional Experience: AI Engineer & Data Analyst Intern, LexLau (June 2026 - Sept. 2026) | Sales Assistant, Delhaize Belgium (Oct. 2024 - March 2025)
